

Schedule 3: Commercial Service – Three Phase

Availability: Rate Schedule 3 is available to all three phase commercial and farm consumers, subject to the established Rules and Regulations of the Cooperative.

Character of Service: Three phase, 60 cycles, at available primary or secondary voltages.

Monthly Rates:

- Customer Charge - \$139.26 monthly
- Demand Charge - \$13.75 per kW demand
- KWH Distribution Charge - \$0.004258 per kWh
- NYPA LTA Energy Efficiency Rider \$0.001/KWH
- KWH Energy Supply Charge – variable based on monthly power costs
- New York Clean Energy Standard Zero Emissions Credits - – variable based on LSE power demand

Commercial Use: When a member operates a commercial or farm establishment in the same building on the same premises as the member's residence and the entire service is served by one meter, the Schedule 1 Residential and Farm Service rates shall be applied for the entire service even if the connected load in the commercial or farm portion exceeds the connected load in the residence.

Terms of Payment: All bills are due when personally served or 3 days after the mailing of the bill and may be paid in full on or before the "due date" specified on the bill, which shall be at least 20 days after the date on which the bill is rendered.

A monthly late payment charge will be assessed at a rate of 1.5 percent on a customer's unpaid balance, including service billing arrears and unpaid late payment charges. Remittance mailed on the "last day to pay" date will be accepted without the late charge, the postmark to be conclusive evidence of the date of mailing. The failure on the part of the customer to receive the bill shall not entitle the customer to pay without the late payment charge after the "last day to pay" date. All late charges are consistent with the New York Power Authority requirements.

Revised: June 1, 2019
