

Schedule 4: Security Lighting Service

Availability: Rate Schedule 4 is available for consumers requiring security lighting service for public or private driveways, roadways, parking areas or yard areas.

Character of Service: Limited period of approximately 4,000 hours per year, 60-cycle alternating current at approximately 120/240 volts.

Monthly Rates: Security light charge includes basic security light fee of \$8.46 and a charge for the unmetered energy usage which shall be equivalent to the Cooperative's monthly energy supply rate multiplied by the estimated usage of 72 kWh per month.

Terms of Payment: All bills are due when personally served or 3 days after the mailing of the bill and may be paid in full on or before the "due date" specified on the bill, which shall be at least 20 days after the date on which the bill is rendered.

A monthly late payment charge will be assessed at a rate of 1.5 percent on a customer's unpaid balance, including service billing arrears and unpaid late payment charges. Remittance mailed on the "last day to pay" date will be accepted without the late charge, the postmark to be conclusive evidence of the date of mailing. The failure on the part of the customer to receive the bill shall not entitle the customer to pay without the late payment charge after the "last day to pay" date. All late charges are consistent with the New York Power Authority requirements.

Revised: June 1, 2022
